ABOUT INSTITUTE

RK INSTITUTE OF COMMERCE established in 2013. The institute is registered under Company Act 2013 on 26th April, 2023 as RAMESH KOLHE'S LEARNING HUB PVT. LTD. The institute is ISO 9001:2015 certified for quality education.

It was formed with the aim of planting nationalistic thoughts and creating a generation of strong character and ideals. Institute has a tradition of excellence in academics, sports, performing arts and providing excellent education with practical knowledge in Commerce, Management and Computerized accounting.

We are offering both online as well as offline courses in Accounting, Costing, Income Tax, GST and Computerized Accounting.

Our mission is to provide students with the highest-quality education at an affordable price. We believe that everyone has a right to receive high quality education.

Mission

Our aims to develop Student's knowledge and skills to enable them achieve their career goals and become open minded leaders who think global.

Vision

To provide affordable quality education.

To teach students the important values of life like honesty, and humanity.

To provide opportunities for students to realize their full potential to shape them into future leaders, entrepreneurs and good human beings.

To Develop positive thinking in students.

To develop career path of students.

For RK Learning Hub

Mr. Ramesh Kolhe

Director

1. Accounting Basics

DAY: 1

DEFINITIONS

Definition of Accounting

Definition by the American Institute of Certified Public Accountants (Year 1961):

“Accounting is the art of recording, classifying and summarizing in a significant manner and in terms of money, transactions and events which are, in part at least, of a financial character, and interpreting the result thereof”

Objectives of Accounting

- 1. Providing Information to the Users for Rational Decision-making**
- 2. Systematic Recording of Transactions**
- 3. Ascertainment of Results of above Transactions**
- 4. Ascertain the Financial Position of Business**
- 5. To Know the Solvency Position**

Function of Accounting

The main functions of accounting are as follows:

(a) Measurement: Accounting measures past performance of the business entity and depicts its current financial position

(b) Forecasting: Accounting helps in forecasting future performance and financial position of the enterprise using past data.

(c) Decision-making: Accounting provides relevant information to the users of accounts to aid rational decision making.

(d) Comparison & Evaluation: Accounting assesses performance achieved in relation to targets and discloses information regarding accounting policies and contingent liabilities which play an important role in predicting, comparing and evaluating the financial results.

(e) Control: Accounting also identifies weaknesses of the operational system and provides feedbacks regarding effectiveness of measures adopted to check such weaknesses.

(f) Government Regulation and Taxation: Accounting provides necessary information to the government to exercise control on the entity as well as in collection of tax revenues.

DAY:2

ACCOUNTING CYCLE

- (i) **Recording of Transaction:** As soon as a transaction happens it is at first recorded in subsidiary book.
- (ii) **Journal:** The transactions are recorded in Journal chronologically.
- (iii) **Ledger:** All journals are posted into ledger chronologically and in a classified manner.
- (iv) **Trial Balance:** After taking all the ledger account closing balances, a Trial Balance is prepared at the end of the period for the preparations of financial statements.
- (v) **Adjustment Entries:** All the adjustments entries are to be recorded properly and adjusted accordingly before preparing financial statements.
- (vi) **Adjusted Trial Balance:** An adjusted Trail Balance may also be prepared.
- (vii) **Closing Entries:** All the nominal accounts are to be closed by the transferring to Trading Account and Profit and Loss Account.
- (viii) **Financial Statements:** Financial statement can now be easily prepared which will exhibit the true financial position and operating results.

DAY: 3

BASIC ACCOUNTING TERMS

(i) Transaction: A transaction is an agreement between a buyer and a seller to exchange goods, services, or financial assets in return for money. It is any business activities that affect the company's financial statements and status.

खरेदीदार आणि विक्रेता यांच्यातील पैशाच्या बदल्यात वस्तू, सेवा किंवा आर्थिक मालमत्तेची देवाणघेवाण करण्यासाठी केलेला करार. ते आर्थिक स्थितीवर परिणाम करते.

(ii) Goods/Services: These are tangible things or commodity in which a business deal. These things or commodities are either bought and sold or produced and sold.

विकण्यासाठी आणलेल्या गोष्टी, माल.

(iii) Profit: The excess of Revenue Income over expense is called profit.

(iv) Loss: The excess of expense over income is called loss.

(v) Asset: Asset is a resource owned by the business with the purpose of using it for generating future profits. Assets can be Tangible and Intangible.

Tangible Assets - Tangible Assets are the Capital assets which have some physical existence. They can, therefore, be seen, touched and felt, e.g. Plant and Machinery, Furniture and Fittings, Land and Buildings, Books, Computers, Vehicles, etc.

Intangible Assets - The capital assets which have no physical existence and whose value is limited by the rights and anticipated benefits that possession confers upon the owner are known as intangible Assets. They cannot be seen or felt although they help to generate revenue in future, e.g. Goodwill, Patents, Trade-marks, Copyrights, Brand Equity, Designs, Intellectual Property, etc. Assets can also be classified into Current Assets and Non-Current Assets.

Current Assets – An asset shall be classified as Current when it satisfies any of the following:

- It is held primarily for the purpose of being traded,
- It is due to be realized within 12 months after the Reporting Date, or
- It is Cash or Cash Equivalent unless it is restricted from being exchanged or used to settle a Liability for at least 12 months after the Reporting Date.

Non-Current Assets – All other Assets shall be classified as Non-Current Assets. e.g. Machinery held for long term etc.

DAY: 4

(vi) Liability: It is an obligation of financial nature to be settled at a future date. It represents amount of money that the business owes to the other parties.

Current Liabilities – A liability shall be classified as Current when it satisfies any of the following:

- (a) It is expected to be settled in the Company's normal Operating Cycle,
- (b) It is held primarily for the purpose of being traded,
- (c) It is due to be settled within 12 months after the Reporting Date

Non-Current Liabilities – All other Liabilities shall be classified as Non-Current Liabilities. E.g. Loan taken for 5 years, Debentures issued etc.

(vii) Internal Liability: These represent proprietor's equity, i.e. all those amounts which are entitled to the proprietor, e.g., Capital, Reserves, Undistributed Profits, etc.

(viii) Working Capital: In order to maintain flows of revenue from operation, every firm needs certain amount of current assets. For example, cash is required either to pay for expenses or to meet obligation for service received or goods purchased, etc. by a firm.

(ix) Contingent Liability: It represents a potential obligation that could be created depending on the outcome of an event. E.g. if supplier of the business files a legal suit, it will not be treated as a

liability because no obligation is created immediately. If the verdict of the case is given in favour of the supplier then only the obligation is created. Till that it is treated as a contingent liability. Please note that contingent liability is not recorded in books of account, but disclosed by way of a note to the financial statements.

(x) Capital: It is amount invested in the business by its owners. It may be in the form of cash, goods, or any other asset which the proprietor or partners of business invest in the business activity.

(xi) Drawings: It represents an amount of cash, goods or any other assets which the owner withdraws from business for his or her personal use.

(xii) Debtor: The sum total or aggregate of the amounts which the customer owe to the business for purchasing goods on credit or services rendered or in respect of other contractual obligations, is known as Sundry Debtors or Trade Debtors, or Trade Payable, or Book-Debts or Debtors. In other words, Debtors are those persons from whom a business has to recover money on account of goods sold or service rendered on credit.

These debtors may again be classified as under:

(a) Good debts: The debts which are sure to be realized are called good debts.

(b) Doubtful Debts: The debts which may or may not be realized are called doubtful debts.

(c) Bad debts: The debts which cannot be realized at all are called bad debts.

(xiii) Creditor: A creditor is a person to whom the business owes money or money's worth. e.g. money payable to supplier of goods or provider of service. Creditors are generally classified as Current Liabilities.

DAY: 5

(xiv) Capital Expenditure: This represents expenditure incurred for the purpose of acquiring a fixed asset which is intended to be used over long term for earning profits there from.

(xv) Revenue expenditure: This represents expenditure incurred to earn revenue of the current period. The benefits of revenue expenses get exhausted in the year of the incurrence. e.g. repairs, insurance, salary & wages to employees, travel etc. The revenue expenditure results in reduction in profit or surplus. It forms part of the Income statement.

(xvi) Balance Sheet: It is the statement of financial position of the business entity on a particular date. It lists all assets, liabilities and capital.

(xvii) Profit and Loss Account or Income Statement: This account shows the revenue earned by the business and the expenses incurred by the business to earn that revenue.

(xviii) Trade Discount: It is the discount usually allowed by the wholesaler to the retailer computed on the list price or invoice price.

(xix) Cash Discount: This is allowed to encourage prompt payment by the debtor. This has to be recorded in the books of accounts.

DAY: 6

Basic Principles of Accounting:

GAAP (Generally Accepted Accounting Principles) is the framework, rules and guidelines of the financial accounting profession with a purpose of standardizing the accounting concepts, principles and procedures.

1. **Business Entity** - A business is considered a separate entity from the owner(s) and should be treated separately.
2. **Going Concern** - It assumes that an entity will continue to operate indefinitely. In this basis, assets are recorded based on their original cost and not on market value
3. **Monetary Unit** - The business financial transactions recorded and reported should be in monetary unit
4. **Historical Cost** - All business resources acquired should be valued and recorded based on the actual cash equivalent or original cost of acquisition, not the prevailing market value or future value.
5. **Matching Concept** - This principle requires that revenue recorded, in a given accounting period, should have an equivalent expense recorded, in order to show the true profit of the business.
6. **Accounting Period** - This principle entails a business to complete the whole accounting process of a business over a specific operating time period. It may be monthly, quarterly or annually. For annual accounting period, it may follow a Calendar or Fiscal Year.

DAY: 7

7. **Conservatism** - This principle states that given two options in the valuation of business transactions, the amount recorded should be the lower rather than the higher value.
8. **Consistency** - This principle ensures consistency in the accounting procedures used by the business entity from one accounting period to the next. It allows fair comparison of financial information between two accounting periods.
9. **Materiality** - Ideally, business transactions that may affect the decision of a user of financial information are considered important or material, thus, must be reported properly. This principle allows errors or violations of accounting valuation involving immaterial and small amount of recorded business transaction.
10. **Objectivity** - This principle requires recorded business transactions should have some form of impartial supporting evidence or documentation. Also, it entails that bookkeeping and financial recording should be performed with independence, that's free of bias and prejudice.

DAY: 8

DOUBLE ENTRY SYSTEM, BOOKS OF PRIME ENTRY, SUBSIDIARY BOOKS, CASH BOOK, JOURNAL, LEDGER, TRIAL BALANCE

Double Entry System

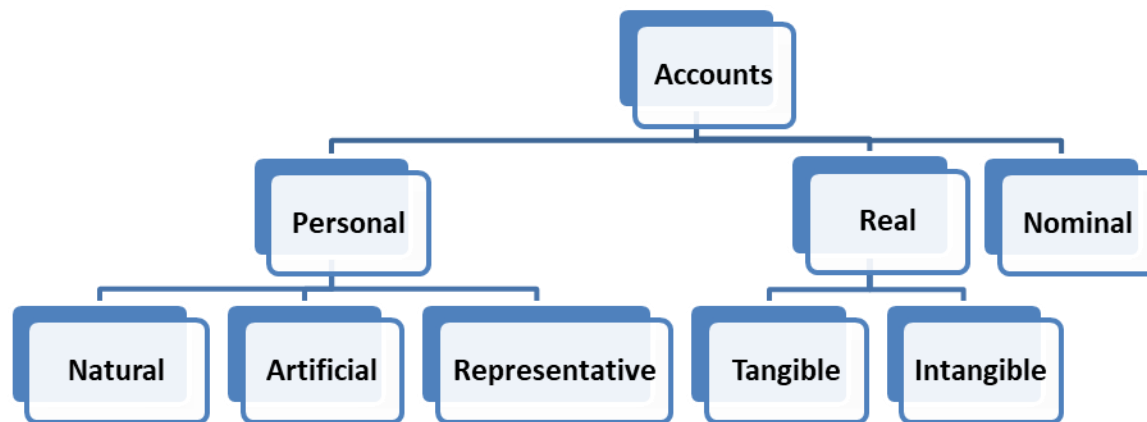

It was in 1494 that Luca Pacioli the Italian mathematician, first published his comprehensive treatise on the principles of Double Entry System.

Features of Double Entry System

- (i) Every transaction has two-fold aspects, i.e., one party giving the benefit and the other receiving the benefit.
- (ii) Every transaction is divided into two aspects, Debit and Credit. One account is to be debited and the other account is to be credited.
- (iii) Every debit must have its corresponding and equal credit.

Typically, an account is expressed as a statement in form of English letter 'T'. It has two sides. The left-hand side is called as "Debit" side and the right-hand side is called as "Credit" side. The debit is denoted as 'Dr' and the credit by 'Cr'.

TYPES OF ACCOUNTS

(1) Personal Account: As the name suggests these are accounts related to persons.

(a) These persons could be natural persons like Suresh's A/c, Anil's a/c, Rani's A/c etc.

(b) The persons could also be artificial persons like companies, bodies corporate or association of persons or partnerships etc. Accordingly, we could have Videocon Industries A/c, Infosys Technologies A/c, Charitable Trust A/c, Ali and Sons trading A/c, ABC Bank A/c, etc.

(c) There could be representative personal accounts as well. Although the individual identity of persons related to these is known, the convention is to reflect them as collective accounts. e.g. when salary is payable to employees, we know how much is payable to each of them, but collectively the account is called as 'Salary Payable A/c'. Similar examples are rent payable, Insurance prepaid, commission pre-received etc.

(2) Real Accounts: These are accounts related to assets or properties or possessions. Depending on their physical existence or otherwise, they are further classified as follows:-

(a) Tangible Real Account – Assets that have physical existence and can be seen, and touched. e.g. Machinery A/c, Stock A/c, Cash A/c, Vehicle A/c, and the like.

(b) Intangible Real Account – These represent possession of properties that have no physical existence but can be measured in terms of money and have value attached to them. e.g. Goodwill A/c, Trademark A/c, Patents & Copy Rights A/c, Intellectual Property Rights A/c and the like.

(3) Nominal Account: These accounts are related to expenses or losses and incomes or gains e.g. Salary and Wages A/c, Rent of Rates A/c, Travelling Expenses A/c, Commission received A/c, Loss by fire A/c etc.

DAY: 8

Golden Rules of Accounting:-

- A] Real Accounts:-** 1) Debit what comes in.
 2) Credit what goes out.
- B] Personal Accounts :-** 1) Debit the receiver.
 2) Credit the giver.
- C] Nominal Accounts :-** 1) Debit all expenses & Losses.
 2) Credit all Incomes & Gains

DAY: 9

GST

WHAT IS A TAX ?

- There are two types of taxes. Direct taxes and indirect taxes.
- If tax is levied directly on the income or wealth of a person, then it is a direct tax e.g. income-tax, wealth tax.
- If tax is levied on the price of a good or service, then it is called an indirect tax e.g. excise duty, custom duty, service tax and sales tax or value added tax. In the case of indirect taxes.

कर म्हणजे काय ?

- दोन प्रकारचे कर आहेत. प्रत्यक्ष कर आणि अप्रत्यक्ष कर.
- जर एखाद्या व्यक्तीच्या उत्पन्नावर किंवा संपत्तीवर थेट कर आकारला जात असेल तर तो प्रत्यक्ष कर आहे उदा. आयकर, संपत्ती कर.
- जर एखाद्या वस्तूच्या किंवा सेवेच्या किमतीवर कर आकारला जातो, तर त्याला अप्रत्यक्ष कर म्हणतात उदा. उत्पादन शुल्क, कस्टम ड्युटी, सेवा कर आणि विक्री कर किंवा मूल्यवर्धित कर.

WHY ARE TAXES LEVIED?

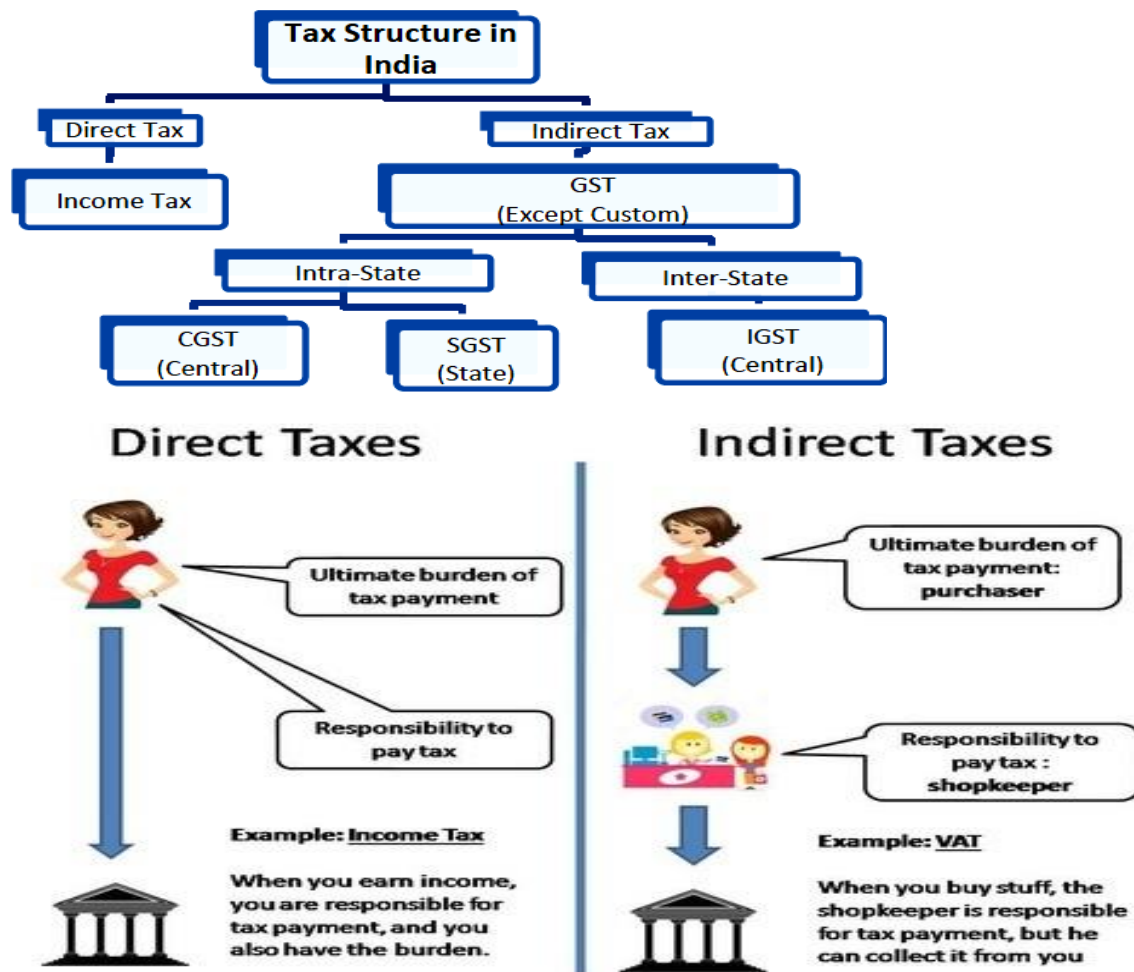

The reason for levy of taxes is that they constitute the basic source of revenue to the government. Revenue so raised is utilised for meeting the expenses of government like defence, provision of education, health-care, infrastructure facilities like roads, dams etc.

कर का लावले जातात?

कर आकारणीचे कारण म्हणजे ते सरकारच्या महसुलाचे मूळ स्त्रोत आहेत. त्यामुळे जमा झालेला महसूल संरक्षण, शिक्षण, आरोग्य सेवा, रस्ते, धरणे इत्यादी पायाभूत सुविधांसारख्या सरकारी खर्चासाठी वापरला जातो.

Tax Structure in India

In India taxes are divided in to two categories i.e. Direct Tax and Indirect Tax. Taxes are levied or collected by Central Government, State Government or Local Municipal Bodies. No tax is levied or collected except by the authority of law.

1. Direct Tax: It is directly levied on individual and corporate entities. This tax cannot be transferred from one individual another. It is completely born by the individual who earn income. Income tax is a one of the examples of direct tax. Income tax is most popular tax in India. Income tax is levied on individuals on the income earn in financial year. The term individuals include individual, AOP, HUF, Company, Firm, Co-operative Societies, Trusts, Local Authorities.

प्रत्यक्ष कर: हा थेट वैयक्तिक आणि कॉर्पोरेट संस्थांवर लावला जातो. हा कर एका व्यक्तीकडून दुसऱ्या व्यक्तीकडून हस्तांतरित केला जाऊ शकत नाही. तो पूर्णपणे उत्पन्न मिळवणाऱ्या व्यक्तीद्वारे जन्माला येतो. आयकर हे प्रत्यक्ष कराच्या उदाहरणांपैकी एक आहे. आयकर हा भारतातील सर्वात लोकप्रिय कर आहे. आर्थिक वर्षात मिळणाऱ्या उत्पन्नावर व्यक्तींवर आयकर आकारला जातो. व्यक्ती या शब्दामध्ये वैयक्तिक, AOP, HUF, कंपनी, फर्म, सहकारी संस्था, ट्रस्ट, स्थानिक प्राधिकरण यांचा समावेश होतो.

2. Indirect Tax: It is levied on goods and services rather than on income or profit. It is collected by one entity and paid to government but its burden is passed on consumer as a part of the price of the goods and services. The consumer ultimately paying the tax but he is not liable to pay the tax to government. In general, the supplier of goods or service is liable to pay Indirect Tax. Goods and Service Tax (GST) is the example of indirect tax. Before the implementation of GST following some taxes is the part of indirect tax like as, Service Tax, Excise Duty, Value Added Tax (VAT), Custom Duty, Entertainment Tax etc.

अप्रत्यक्ष कर: हा उत्पन्न किंवा नफा यापेक्षा वस्तू आणि सेवांवर लावला जातो. ते एका संस्थेद्वारे गोळा केले जाते आणि सरकारला दिले जाते परंतु त्याचा भार वस्तू आणि सेवांच्या किंमतीचा भाग म्हणून ग्राहकांवर टाकला जातो. ग्राहक शेवटी कर भरतो पण तो सरकारला कर भरण्यास जबाबदार नाही. सर्वसाधारणपणे, वस्तू किंवा सेवेचा पुरवठादार अप्रत्यक्ष कर भरण्यास जबाबदार असतो. वस्तू आणि सेवा कर (GST) हे अप्रत्यक्ष कराचे उदाहरण आहे. जीएसटीच्या अंमलबजावणीपूर्वी काही करांचे अनुसरण करणे अप्रत्यक्ष कराचा भाग आहे जसे की, सेवा कर, उत्पादन शुल्क, मूल्यवर्धित कर (VAT), कस्टम ड्यूटी, करमणूक कर इ.

INTRODUCTION OF GST:

Goods and Services Indirect Tax was implemented in India from 01 July 2017. This tax was implemented all over India with the aim of having a uniform taxation system across the country. Accordingly, this taxation system was implemented in the country by canceling many indirect taxes that were applicable earlier by the federal and state governments. New laws were enacted by 122nd amendment to the Constitution to implement Goods and Services Tax. It is regulated by the central statutory body 'Goods and Services Tax Council'.

Goods and Services Tax was implemented across India from 01 July 2017. To implement it, a special session of the joint assembly i.e. Lok Sabha and Rajya Sabha was held on the night of 30 June 2017. In it, the President officially announced the implementation of Goods and Services Tax around midnight.

This tax was imposed on the sale, transfer, barter, hire and import transactions of all goods and services.

Under Goods and Services Tax, the rates have been fixed as 0%, 5%, 12%, 18%, and 28% from July 1, 2017.

भारतात 01 जुलै 2017 पासून वस्तू व सेवा अप्रत्यक्ष कर लागू करण्यात आला. देशभरात एक-समान करप्रणाली असावी या उद्देशाने हा कर संपूर्ण भारतात लागू करण्यात आला. त्यानुसार संघराज्य आणि राज्य सरकारद्वारे त्यापूर्वी लागू असलेले अनेक अप्रत्यक्ष कर रद्द करून ही करप्रणाली देशात लागू करण्यात आली. वस्तू व सेवा कर लागू करण्यासाठी राज्यघटनेत 122 वी घटनादुरुस्ती करून नवीन कायदे करण्यात आले.

'वस्तू आणि सेवा कर परिषद' ही मध्यवर्ती वैधानिक संस्था याचे नियमन करते.

वस्तू व सेवा कर 01 जुलै 2017 पासून संपूर्ण भारतात लागू करण्यात आला. लागू करण्यासाठी ३० जून २०१७ च्या रात्री संयुक्त सभेचे म्हणजेच लोकसभा व राज्यसभा यांचे विशेष अधिवेशन झाले. त्यात राष्ट्रपतींनी मध्यरात्रीच्या सुमारास वस्तू व सेवा कर लागू झाल्याची अधिकृत घोषणा केली.

सर्व वस्तू, सेवा यांची विक्री, हस्तांतर, वस्तुविनिमय, भाड्याने देणे आयात व्यवहारांवर हा कर लागू करण्यात आला.

वस्तू व सेवा कर अंतर्गत १ जुलै २०१७ पासून 0%, 5%, 12%, 18%, व 28% असे दर ठरविण्यात आले

DAY: 10

FEATURES OF GST

1. GST would be applicable on “supply” of goods or services.
2. GST is based on dual tax structure with the Centre and the States simultaneously levying it on a common base.
3. An Integrated GST i.e. IGST would be levied on inter-State supply, like supply of goods and services from two different states ex. Buyer from Maharashtra bought goods from Surat, Gujarat.
4. GST would apply to all goods and services except Alcohol for human consumption.

जीएसटीची वैशिष्ट्ये

1. वस्तू किंवा सेवांच्या "पुरवठ्यावर" GST लागू होईल.
2. GST दुहेरी कर संरचनेवर आधारित आहे, केंद्र आणि राज्ये एकाच वेळी समान आधारावर आकारतात.
3. एकात्मिक GST म्हणजेच IGST आंतर-राज्य पुरवठ्यावर आकारला जाईल, जसे की दोन वेगवेगळ्या राज्यांमधून वस्तू आणि सेवांचा पुरवठा. महाराष्ट्रातील खरेदीदाराने सुरत, गुजरात येथून माल आणला.
4. मानवी वापरासाठी अल्कोहोल वगळता सर्व वस्तू आणि सेवांवर GST लागू होईल.

Types of GST

1. **Intra-State GST** : Intrastate supply is where the supplier of goods or services and the place of supply is within the same state.
 - a. **CGST : Central Goods and Services Tax**
 - b. **SGST : State Goods and Services Tax**
2. **Interstate GST**: Inter State GST is Applicable where goods and services are supply within two different states. Ex. Buyer from Nashik, Maharashtra Bought Goods from Surat, Gujrat. In this case **IGST (Integrated Goods and Service Tax)** is applicable.
3. **Union Territory Goods and Services Tax (UTGST)** : UTGST is applicable on the supply of goods and services in Andaman and Nicobar Islands, Chandigarh, Daman Diu, Dadra, and Nagar Haveli, and Lakshadweep.

GST चे प्रकार

1. **इंट्रा-स्टेट जीएसटी**: आंतरराज्य पुरवठा म्हणजे जिथे वस्तू किंवा सेवांचा पुरवठादार आणि पुरवठा करण्याचे ठिकाण त्याच राज्यात आहे.
 - a **CGST**: केंद्रीय वस्तू आणि सेवा कर
 - b **SGST**: राज्य वस्तू आणि सेवा कर
2. **आंतरराज्य जीएसटी**: आंतरराज्य जीएसटी लागू आहे, जेथे दोन वेगवेगळ्या राज्यांमध्ये वस्तू आणि सेवांचा पुरवठा केला जातो. उदा. नाशिक, महाराष्ट्रातील खरेदीदाराने सुरत, गुजरात येथून माल खरेदी केला. या प्रकरणात IGST (Integrated Goods and Service Tax) लागू आहे.
3. **केंद्रशासित प्रदेश वस्तू आणि सेवा कर (UTGST)**: अंदमान आणि निकोबार बेटे, चंदीगड, दमण दीव, दादरा आणि नगर हवेली आणि लक्षद्वीपमधील वस्तू आणि सेवांच्या पुरवठ्यावर UTGST लागू आहे.

DAY: 11

Rates of GST some important Examples:

0%	5%	12%	18%	28%
Milk	Sugar	Butter	TV upto 32 inches	Online Gaming
Eggs	Tea	Ghee	Mobile phones	Air-conditioning machines
Curd	Packed Paneer	Surgical rubber gloves	Geyser, Cooler and Fan	All Luxurious Items
Lassi	Edible Oils	Processed food	Electric Appliances	
Educations Services	Domestic LPG	Almonds	Chocolates, cakes, biscuits and bakers' wares	
Health Services	Cashew Nuts	Household articles of aluminium	Ice cream and other edible ice	
Fresh Vegetables	Life-saving drugs	Household articles of aluminium	Beauty or make-up preparations	
Salt	Coffee	Soya milk drinks	Electronic Toys	

DAY: 12

Journal

Example 1. Following are the transactions during the month of January, 2018. Journalize the following transaction.

- 1 Commenced business with cash Rs. 19,80,000
- 2 Deposited cash with HDFC bank 5,00,000
- 3 Purchased goods for cash 15,000
- 4 Purchased goods from Jay Traders on credit 20,000
- 5 Sold goods to Sun Trader and received cash 31,000
- 6 Paid salaries 25,000
- 7 Amount paid to Jay trader by cheque Rs 20,000
- 8 Bought furniture 14,000
- 9 Paid electricity charges 7,000
- 10 withdraw cash from HDFC bank 10,000

DAY 17 TO DAY 18

A Study of Creation of Company

1. **Create Company:** Gateway of Tally -> F3 -> Create Company
2. In following very few steps we can easily create a company in Tally.
3. 1. **Company Data Path** – In simple terms it is a place where all our Tally files in computer are stored so choose it wisely.
4. 2. **Company Name** – As it suggests it is the name of the company you want. It can be your name or firm's name or your company's name.
5. 2. **Mailing Name** – It is the name which is on the mails and parcels you receive at your place of business or home. In most cases it is same as your Name above.
6. 3. **Address** – As the name suggests, it is your address which can be either business place or your home.
7. 4. **Country** – Your country. E.g. India
8. 5. **State** – Your state, union territory or your province where you live or where your business place is situated.
9. 6. **Pin code** – It is the pin code or post code where you live or where your business is situated. An example can be 412411.
10. 7. **Phone no.** – It is your landline phone number.
11. 8. **Mobile no.** – Your mobile number.
12. 9. **Email** – Your email address.
13. 10. **Website** – If you have a website, you can enter it here.
14. 11. **Financial year begins from** – Financial years are from 1st April to 31st March of the next year.
15. Current financial year is 2023-24 i.e. from 1st April, 2023 to 31st March, 2024.
16. 12. **Formal Name** – INR – This is name which is internationally recognized for Indian Rupee.
17. **Last Step** - All you have to do is to press **Enter 2 times**.

A Study of Creating Vouchers

A voucher is a document that contains the details of a financial transaction.

Open the Vouchers page. From the Gateway menu, select "Accounting Vouchers".

Gateway of Tally > Vouchers

Types of Vouchers

- 1. Contra Voucher (F4)** - Contra vouchers are for when money is deposited or withdrawn for the bank, or transferred between two accounts in the same company.

As per accounting rules, contra entry is a transaction indicating transfer of funds from.

- Cash Account to Bank Account
- Bank Account to Cash Account
- One Bank Account to another Bank Account

The following Vouchers can be done through the Contra Vouchers:

- (a) Cash Deposited into Bank
- (b) Cash Withdrawal from the Bank
- (c) Funds Transfer from One Bank to another Bank
- (d) Cash Transfer to Petty Cash

जेव्हा बँकेत पैसे Deposit करायचे असतील,
बँकेतून पैसे withdraw करायचे असतील
तसेच एका बँकेतून दुसऱ्या बँकेत पैसे transfer करायचे असतील
तेव्हा या voucher चा वापर होतो.

- a. Cash deposited into HDFC Bank Rs.1,00,000

Contra No. 1		1-Apr-23 Saturday
Account :	HDFC Bank	
Current balance :	26,00,000.00 Dr

8. Inventory vouchers

Physical Stock Verification

During physical stock verification, in cases of changes in the inventory count, one has to update the changes in books as well. It comes under Inventory vouchers in Tally. Generally, businesses do this either on a monthly, quarterly or yearly basis to match the stock in hand with stock available as per the books. With Tally you can simply create a voucher to adjust the inventory.

DAY 26 TO 30**Assignment on Payment Voucher & Receipt Voucher****Payment Voucher [F5]** - रोखस्वरूपात झालेला खर्च रिकॉर्ड करण्यासाठी.**Receipt Voucher [F6]** - रोखस्वरूपात झालेला income (उत्पन्न) रिकॉर्ड करण्यासाठी.

Assignment Creation of Stock Units of Measure

Single / Simple Units: When only one unit is used for measure. Eg. Nos (Numbers), Pcs (Pieces), Kg
Gateway of Tally -> Create -> Units

Unit Creation	
Type	: Simple
Symbol	: Kg
Formal name	: Kilogram
Unit Quantity Code (UQC):	: k
Number of decimal places:	: 0

List of UQCs

Not Applicable

BKL-BUCKLES

GGK-GREAT GROSS

KGS-KILOGRAMS

KLR-KILOLITRE

KME-KILOMETRE

PAC-PACKS

Press Enter to Save

Compound Units: when more than two units are used for measure. Eg. Doz (Dozen) i.e. 12 Nos.

Compound Unit बनवीण्यासाठी प्रथम Single Unit बनविणे उदा. Nos आणि Doz.असे दोन Units तयार करणे

Unit Alteration	
Type	: Simple
Symbol	: nos
Formal name	: Numbers
Unit Quantity Code (UQC):	: N
Number of decimal places:	: 0

List of UQCs

Not Applicable

BDL-BUNDLES

BOU-BILLION OF UNITS

BUN-BUNCHES

CAN-CANS

CCM-CUBIC CENTIMETERS

CMS-CENTIMETERS

CTN-CARTONS

DOZ-DOZENS

Number of decimal places:	: 0

List of UQCs

Not Applicable

BDL-BUNDLES

DOZ-DOZENS

DRM-DRUMS

GYD-GROSS YARDS

SQY-SQUARE YARDS

THD-THOUSANDS

Now Create Compound Unit

Gateway of Tally -> Create -> Units -> Compound

Type: Compound

First Unit: Doz (Dozen)

Second Unit: Nos (12 Nos)

The left screenshot shows the 'Units with Multiplier Factors' screen with 'Type' set to 'Compound'. The 'Types of Units' dropdown is open, showing 'Compound' and 'Simple'. The 'First unit' is 'Doz' and the 'Second unit' is empty. The right screenshot shows the same screen with 'nos' entered in the 'Second unit' field. The 'Units' list on the right shows 'nos' with '(Numbers)' in parentheses.

Press Enter to Save

Creation of Alternative unit:

जेव्हा एकाच वेळेस दोन वेगवेगळे Units Use करावयाचे असतात उदा. जर माल Doz. डझन वर विकत घेतला मात्र तो विकताना Nos. नंबरस प्रमाणे विकायचा असेल तर Alternative unit चा वापर करावा लागतो.

F12 -> Use alternative units -> Yes

Units: Nos.

Alternative Units: Where 1Doz = 12 Nos

The screenshot shows the 'Stock Item Alteration' screen for 'Pen'. The 'Name' is 'Pen'. The 'Under' is 'Primary'. The 'Units' are 'nos'. The 'Alternate units where' is '1 Doz = 12 nos'. The 'Alter standard rates' is 'No'. The 'Statutory Information' section shows 'GST Applicable' as 'Applicable', 'Set/alter GST Details' as 'No', 'Type of Supply' as 'Goods', and 'Reporting UQC' as 'Goods'.

Assignment Setting MRP details in Stock Items

Gateway of Tally -> Create -> Stock Items

Press F12→Allow MRP/Marginal for stock Item →Yes

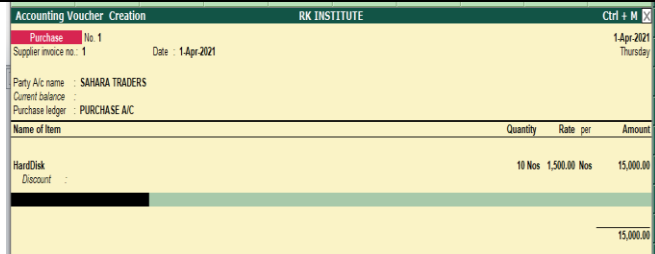

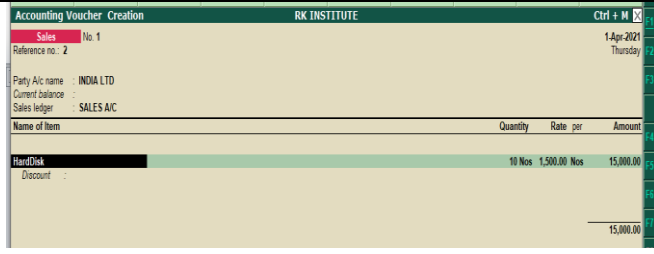

Set Standard rates →Yes

Stock Item Screen

The screenshot shows the 'Stock Item Screen' for 'Pen'. The 'Statutory Details' section shows 'GST applicability' as 'Applicable', 'HSN/SAC Details' as 'Specify Details Here', 'HSN/SAC' as '124', 'Description' as 'Pen', 'GST Rate & Related Details' as 'Specify Details Here', 'GST Rate Details' as 'Taxable', 'Taxability Type' as 'Taxable', 'GST Rate' as '18 %', 'Type of Supply' as 'Goods', 'Set/Alter MRP details' as 'Yes', and 'Rate of Duty (eg 5)' as '124'. The 'MRP details for : P' section shows 'Allow MRP modification in voucher' as 'Yes', 'MRP Rate / Margin' as '124', and 'MRP Rate' as '124'.

DAY 36

Assignment : Purchase and Sale of Sale Items

Purchase of Stock Items:	Sale of Stock Items:
Gateway of Tally -> Accounting Vouchers -> F9	Gateway of Tally -> Accounting Vouchers->F8
	

Purchase following Stock Items from "Hify Trader, Mumbai". (Simple/ Single Unit)
